

## CV REQUEST

AGENTS KIND AND HONEST IMPORTANT NOTE/FOREWORD FOR NOW AND FUTURE:

If you cannot find any workers or something else which employer is seeking, please tell me on time so that I can inform employer on time and everything will be ok. Also inform me on time if you cannot find requested workers because employers want honesty and are serious and they have asked me that i provide them information on time. It is always better to provide **QUALITY** first and then quantity. Also as I have told you, please personally check every CV, reference letter and etc. so that you can be 100 % sure that what **WORKERS** says in CV and **WHAT EMPLOYERS OF WORKERS SAY IN** reference letter that is really true. Also employers will check everything what we give them, and so will the authorities.

So check everything twice or more before sending to me. Always check workers, their CVs and their documents twice or more so that you are completely sure that they are what they are and that their documents and skills are right because we cannot make any more mistakes and provide employers with wrong workers. Extra checking on any level must be done.

We are looking the following workers:

- 1) minimum 1 operator on thermoforming machine,
- 2) minimum 1 operator on extruder,
- 3) minimum 1 operator on machine/printer for plastic polypropylene cups and lids.

 Amy--Mob.:+86-18058862101 Mail: trade@geplasticmach.com  
 quickly and operated easily.

- Replacement of mould cone or cap mould is convenient and fast
- Inspect function for problem cup by camera.
- Protect articles sampling, inspection, fixation when working
- Automatic counting is more accurate, and it is very easy to collect cup
- Automatic counting packing function
- Can be drive rubber mould of transfer printing automatic.
- Constant temperature system for ink system, ensure the UV ink in some degree which no affect by weather.

**Main Technical Parameter:**

Model	GC3P-R-180
Max Printing Depth	160mm
Max cup hole slope	5-17.5degree
Max Printing Speed	100-600 cups/min
Cap Rim Dia.	Dia.70-130 mm

Operator on thermoforming machine and operator on extruder. Fundamentals of machine knowledge, basics of mechanics and basics of electrical engineering.

Attachment to work, good behavior is expected.

**MORE INFORMATION / SPECIFIC REQUESTS/WORKER SKILLS:**

VERY/HIGHLY IMPORTANT:

Company says:

‘Dear Mr. Miljatovic,

We have a plastic packaging factory for the dairy industry and we make polypropylene cups and lids (acceptable plastic, a thin layer of Polypropylene is also found in the inner part paper cups, because otherwise it would fall apart).

Important information for workers is that those who wish to come and wants to work have the opportunity to work at us until pensions.

Also if he is married we can offer a job to his wife who would do the packaging of our products

With respect,’’
